What is a job interview? Well, generally it is what follows after you have sent you CV to an employer who wants to know more about you. Nowadays, employers want to meet you in person and see what you look like and discuss your qualifications. There are several things you have to be careful about for example, the way you dress for the first meeting. For men, it is better to wear formal clothes – a shirt, tie and it is appropriate to wear a jacket or blazer, it is important to look smart and not wear too much make-up! Another important point is punctuality. Make sure you arrive on time never be late! They may think you are not very reliable. When you are in the actual interview answer the questions clearly and directly and, if there is something you do not understand, ask them to repeat the question instead of giving the wrong answer. Show that you are interested in the job but do not be ever excited. Relax, do your best and be yourself!
