A screenshot of a web browser window displaying the rendered HTML input fields. The address bar shows the file path: file:///F:/HTML/My%20HTML/input.html. The rendered form consists of five input fields arranged horizontally: a text field with the value 'Max', a number field with the value '017746554545', a range field represented by three dots, a date field with the value '05 / 28 / 2018', and a range field represented by a horizontal slider bar.

Thank for watching
